TUBE TENSION FABRIC WALL

Our tube tension fabric systems are a great alternative to standard backwall displays. Quickly assembled in just 5 minutes, slide the tubes together to make the frame and lock in place with a push button snap. Then, simply pull the pillowcase-like graphic over the frame and zip it shut. The zipper, hidden from view, tightens the stretch fabric beautifully displaying your image. Disassembled, this lightweight frame and graphic fits inside its included bag.

COUNTERS

Our Tube Tension Fabric Counters are a new generation of pop up counters. Utilizing stretch fabric and a simple frame thus system literally clicks together in minutes and looks amazing.

The stretch fabric is printed full width and full height and includes a zipper in the back for access. Beautiful organic curves are created that is almost impossible with traditional promo counters and are by far the easiest tradeshow counter system to transport once packed down into a small lightweight carry case.

COUNTER SERIES

Counter Series use the tube pole support up and down panel, stretch fabric screen used to connect the upper and lower panels to form the front desk, the design is simple and compact, and can be used for exhibitions or shopping malls reception use.

Check Points

1. Fit Template Dimensions?

Double-check your graphic dimensions to make sure it matches the most current template as well as product you are purchasing

3. CMYK mode?

Your graphic must be in CMYK mode. Colors may differ in RGB mode. If your graphic contains critical spot colors, ask us about our PMS Color Matching Service.

2. Good Resolution?

In Photoshop, view your graphic at 100% scale. This is how your artwork will look when printed.

4. Proof Reading?

It is your responsibility to proof read all your text. Please proof-read before you submit or approve your graphic file.
